

OCTOBER CHURCHMOUSE - REDEEMER PRESCHOOL

The month of October finds the children all settled into their classrooms and into a regular schedule. Tears have basically subsided and we are onto the agenda of learning, exploring and having fun! We truly enjoyed our visit to Windy Brow Farms in September - ahhh - the smell of the apples which just reminds us all of the joy of autumn! The farmer taught us all about the different types of apples, how they are sorted and how they are picked. Then we took a hayride into the orchards to pick our own bagful of apples and returned for a treat of a cider donut baked by the farmer's wife (we think)!

October finds us all learning about the season of Autumn and all the changes that take place in God's world during this colorful season. If you come and visit our classrooms you will see lots of pumpkins, scarecrows, owls, bats and many many beautiful fall trees. The children are also learning about Joseph and his coat of many colors, the baby Moses in his basket in the river Nile and all the animals that Noah invited to join him on his very, very big ark!

Our Redeemer Preschool Book Fair will take place beginning on Sunday, October 8th! This is one of our school's fundraisers and books can be purchased for nominal fees. Feel free to come and "Christmas Shop" for any little ones in your family. We're sure you will find something you'll love.

As our month comes to an end we will be marching around the Redeemer Hall on October 31st dressed in our Happy Character costumes and singing all our fall songs for our moms and dads.

In Christ,
Ginny Schaeffner
